### R.03 Alternative Arrangements for Accommodation of Students PROCEDURES

---

1. Any and all arrangements must be cost-effective ~~and~~ advantageous for the board compared to other possible arrangements, including an acquisition of a school site and the construction of a free-standing building and in support of the mission of the Board.
2. The arrangement shall comply with any regulations or guidelines issued by the Ministry of Education.
3. The board may enter into lease arrangements respecting school facilities intended to be used to accommodate pressure circumstances, but shall not enter into such arrangements respecting school facilities that are necessary to accommodate long-term enrolment unless the arrangements could result in ownership at the board's discretion.
4. The board shall retain sufficient governance authority over the facility to ensure that it is able to deliver the appropriate educational program to its pupils, and to ensure that its Catholic identity, ambience and integrity is preserved.
5. The facility shall have a separate entrance with the school name on the exterior of the school easily visible from the street.
