The Ontario Educational Resource Bank (OERB) provides teachers, students, and parents (Kindergarten through Grade 12) with access to thousands of learning/educational resources created by the Ministry of Education and teachers from publically funded schools across Ontario.

The OERB houses **over 23,000 teaching and learning resources** aligned with Ontario curriculum expectations, and in many cases, Catholic graduate expectations, including:

- interactive multimedia objects
- lessons
- videos
- activities

Students can use these resources to help improve their understanding of concepts studied. Parents can use materials from this site to further support their children's learning at home and to help with homework and/or assignments.

All available resources found on the Ontario Educational Resource Bank are searchable by keyword, grade, course/subject, strand, expectation, learning style, and/or file format and can be accessed 24 hours a day, seven days a week.

The Ontario Educational Resource Bank can be found at <http://resources.elearningontario.ca>.
