

VIRTUAL PROGRAM DETAILS

Indigenous Recreational/Art Therapy Workshops (grades 1-3)

Select one session from the list below

July 6-10

July 13-17

July 20-24

July 27-29

This workshop offers an authentic experiential learning opportunity. The facilitator, a certified Indigenous Recreational Therapist and MCFN Band Member, will bring students on a journey of self-discovery, through blending Indigenous world views and conventional learning opportunities, within an Anishinabee framework. This workshop will encourage growth through creatively bridging youth's connection to self, peers, community, and the environment.

Arctic 'Summer' Games (Virtual Northern Olympics) (grades 4-8, 9-12)

Select one session from the list below.

July 13

July 14

July 15

July 16

July 17

This virtual 'northern Olympic event' will engage children of all ages, as they participate in a series of challenges, and compete against their peers to achieve their personal best. Through these Arctic Summer Games, students will join us in creatively celebrating Indigenous sports, social interaction and culture. These traditional games will creatively connect students through shared experiences.

Indigenous Arts, Sports, & Cultures Summer Program (grades 4-8)

Select one session from the list below

July 27- 31

August 3-7

Aug 10 - 14

Indigenous Arts, Sports, & Cultures Camp offers an encouraging environment to discover and explore native arts, culture, games, and activities, led by Indigenous staff and First Nation community members and partners. Students will make native crafts, play indigenous games, and be entertained through traditional storytelling, cultural performances, and much more.

Active Cultures & Connections (grades 1-3)

Please select one session from the list below.

August 10 -14,

August 17-21

August 24-28

This workshop will engage primary students, in an experiential learning opportunity designed to raise awareness about Indigenous perspectives, through promoting the respectful blending of Indigenous world views with conventional approaches to Physical Education. The primary focus will be in facilitating active participation and fun, while developing foundational movement skills and enhancing knowledge and understanding of First Nation, Métis & Inuit cultures.
