Canada-wide Early Learning and Child Care (CWELCC) (Children aged 0 – 5 years)

The Government of Canada has identified child care as a national priority to enhance early learning and childhood development, support workforce participation and contribute to economic recovery. Funding under the Canada-Wide Early Learning and Child Care Agreement (CWELCC) will be used to build and leverage the success of Ontario’s existing early learning and child care system by increasing quality, accessibility, affordability and inclusivity in early learning and child care for children ages 0-5 years.

HWCCCC has opted-in to the Canada-Wide Early Learning & Child Care (CWELCC).

Base fees are mandatory fees charged to all parents that are required for a child to attend a HWCCCC program; which includes a registration fee. Non-base fees include additional charges such as late fees and bank service charges; and therefore, these will not be subject to further reductions under CWELCC. Actively registered families had their base child care fees reduced by 25% on November 28, 2022, and effective January 1st, 2023 has been reduced by another 37% on. This represents a total reduction of up to 52.75% of our base fees. No fees can be reduced to less than \$12.00/day at any time.

The chart below provides a summary of the new rates that will come into effect as part of Phase 2 of this multi-phased, multi-year program.

Please note, these rates only apply to Infant, Toddler, Preschool and Kindergarten children.

Infant, Toddler, and Preschool rates are based on the child’s age, not the program they are assigned to. Rates will change on the 1st of the month following the date they move into the next age grouping.

Kindergarten rates will change when the child turns 6, or on the last day in the Kindergarten program, whichever is later.
