

## Setting up Brightspace Portfolio Home Mode for Students and Parents

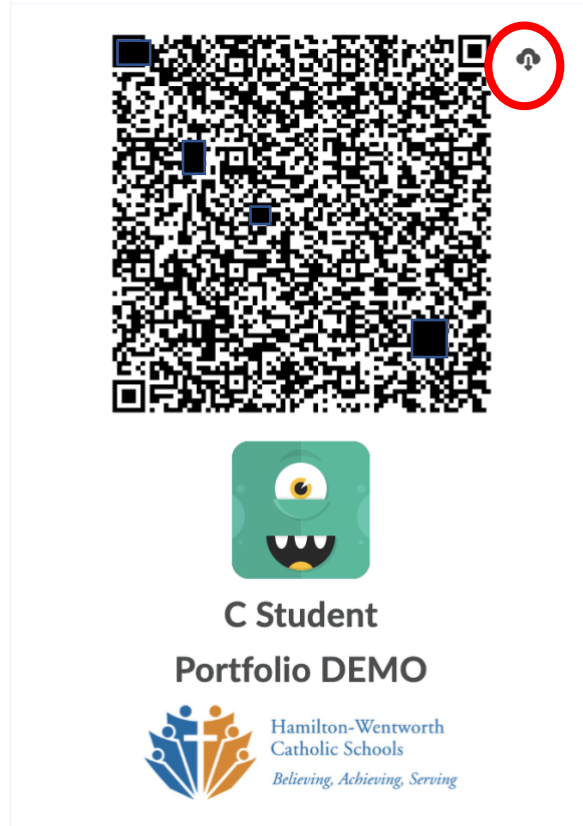

1. Ensure that your device (such as an iPad, iPhone, or Android device) has the latest version of *Brightspace Portfolio*.
  - To either download *Brightspace Portfolio* for the first time or to update it, in the [App Store](#) (for iOS) and [Google Play Store](#) (for Android), search for Brightspace Portfolio and click **Install** or **Update**.
2. On a computer, log into your teacher's myClass site.
3. Click on **your name** in the top right hand corner of the screen and then click on **My Portfolio**.

4. Click **Print Class Passcards**.

5. Find the myClass class of your teacher. Use the download link (  ) to download your personal passcard. You can either print the passcard or save it locally on your device for future use.

**Note:** Students will need to use this passcard every time they log evidence.
